

The Shaw Group

Building Profitability and Longevity – without Sacrificing Independence

As the leading national retail consultants for independent Better Men's Stores, The Shaw Group is proud to announce that we are expanding our dynamic team of retail experts with strategic business solutions from Management One®. The Shaw Group has built a solid reputation for behind-the-scenes support in the financial, merchandising and inventory planning arenas. With over 75 years of combined retail and merchandising experience and insider relationships with top trade contacts, we help apparel retailers strengthen their business with proven action plans to cut costs, free up capital, build profits and promote long-term growth.

Now, in addition to providing DLS Apparel Group's premier buying and merchandising services to our clients, our partnership with Management One® allows us to offer a broader range of business solutions, including enhanced marketing and management support, inventory control, staff training and other systems specifically targeted for each of our clients' needs. And we provide a *team environment* to independent retailers, an organization that gives them far more effective buying and problem-solving power – including invaluable friendships and support from other retailers.

The Shaw Group gives retailers the freedom to do what they do best. That's why so many of our clients remain with us year after year – not just because they trust us and rely on us, but because we truly enjoy making their lives easier – and more profitable.
